In my opinion, ~~E~~ student should have a long summer holidays, because every people ~~to~~ relax. But if they ~~will~~ relax every day, they will forget everything, that they have learnt ~~once~~. They need to read some books sometimes, do some brain exercises or start to do something and interesting. For example, start to play ~~a~~ new musical instrument, start to learn a new language or play with friend in intellectual games.

Students also should do some sport activities in the summer. They can play tennis, soccer, basketball, they can go swimming or ride a bicycle.

Activities outside the house ~~are~~ also good for students. They can go for a walk in the forest with family or friend, go camping ~~on~~ the river, fly in other country to watch something new about ~~the~~ world and people.

~~My own idea is to go every summer~~ My own idea is to go ~~in~~ ~~camp~~ with friends every summer. There ~~are~~ a good environment, sport activities, food and intellectual games. In ~~camp~~ we can find a new friends, something you will love so much.

If I have friend, who likes to go in camps, I will go with them.

Finally, I think student should relax, but no more than it need. They need to do any activity for their health.
